

Cryptocurrency Gift Acceptance Policy Agreement

This document establishes the policies and agreement regarding the donation of cryptocurrency to the Organization. Please review the policy guidelines below, complete the required information fields, and print the document for signing and submission.

1. Gift Acceptance Policy Guidelines

The Organization accepts cryptocurrency donations under the following terms and conditions:

- **Immediate Liquidation:** All cryptocurrency gifts will be liquidated immediately upon receipt into the Organization's exchange account. The Organization does not hold cryptocurrency for investment purposes.
- **Valuation:** The legal value of the gift for tax-deduction purposes is determined by the market value of the cryptocurrency at the exact date and time the transfer is processed and confirmed on the blockchain.
- **Fees and Costs:** Any network transaction fees (gas fees) associated with the transfer are the responsibility of the donor.
- **Irrevocability:** Once the transaction is initiated and confirmed on the blockchain, the gift is irreversible and non-refundable.
- **Regulatory Compliance:** The donor agrees that the funds used for the donation are not associated with any illegal activities or money laundering.
